# What Is Bent Wheels Competition Club?

## What We Are...

Bent Wheels is a club formed in 1968 and has been one of the foremost recognized clubs in Michigan in the support and formation of off-road motorcycle racing and riding. In the early years we hosted many enduro races in northern Michigan that formed some of the trails that we ride today. These were originally laid out and used as enduro courses. Some of the courses are part of our current trail system, like Bull Gap and Meadows trails. Although our club has a rich racing heritage, we also are heavily involved in recreational trail riding, working with the CCC (Cycle Conservation Club) of Michigan by hosting the Fall Color Tour, D14 Hare Scramble and general support of AMA and other fellow clubs. We also do some community efforts like M-33 roadside cleanup, Rose City Playground improvement and DNR tree planting.

## Sponsorships

We have traditionally worked with several sponsors each year to assist in funding our support of the sport of off-road motorcycle riding and racing. Putting on these events is not inexpensive and requires a great deal of work and expense from the club membership. The sponsorships help us keep the costs low for the attendees and support our costs as a club. Sponsoring Bent Wheels CC is a great way to support the sport and give back to an awesome sport that may or may not be part of your business model. Let us know if you are interested in supporting our club.

## Join Bent Wheels CC

Bent Wheels is an active club with meetings held every month at Gino's in Keego Harbor, Michigan on the first Wednesday of every month at 8:00. We like to have fun and do things as a club while also supporting other entities of motor cycle riding and racing. We are always open to new members. Just come to the meeting and see what we are all about. If you cannot make the meeting, call or email the contacts to learn more.
